

puremelt™

ICE MELTER with CMA

DIRECTIONS FOR USE:

Sprinkle the ice melter on ice and snow at the rate of 1-4.5 lbs. per 540 ft² depending on the amount of snow and ice present. When applied during the early stages of a snow storm, this ice melter makes snow removal much easier.

CAUTION: Although this ice melter is much safer than other brands, it may be harmful if swallowed in large amounts. Can irritate eyes. If in eyes, flush with water. If redness or irritation is severe or persists, consult a physician. May irritate skin. Wash hands after application.

NOTE: Flaking or spalling may occur by using any ice melter product on poor quality concrete. Do not use on concrete less than one year old or that is not properly mixed, finished or cured.

Made in Canada. Manufactured by Kissner Group www.kissner.com

NON WARRANTY:

No warranty expressed or implied concerning the use of this product is made by the manufacturer or seller other than for the purposes indicated on the label. Manufacturer or seller is not liable for any injury or damage caused by this product due to misuse, mishandling or any application not specifically described and recommended on the label. In the event that the use of this product causes damage to person or property, purchaser expressly agrees that his sole and exclusive remedy against manufacturer and seller will be to return the unused portion of these goods and receive a refund of the purchase price.

NOTE: For food plant and other industrial use, avoid contamination of food in the application and storage of the product. Do not use on food contact surfaces.
