LESCO ROTARY SPREADERS

Known as the "Industry Standard" spreader, it is the first choice in the landscaping and lawn care community.

- ▶ Available in 50# or 80# capacities in either the standard 3 hole versions or one hole "Ice/Melt Bulk" versions
- ▶ Adjustable handle for ease of use by operators of all sizes can be mounted in three positions
- ▶ Large cam-operated impeller for effective agitation
- ▶ Stainless steel frame [80# only], axle, impeller shaft and on/off assembly for extended wear and durability
- ▶ 50# spreaders feature a powder coated Carbon steel frame
- ▶ Unique cam operated oscillating agitator improves product flow and will not damage product coating
- ▶ 5:1 Gear Ratio and enclosed gear set provides even product distribution while protecting gears from dust and debris
- ▶ Over-sized tires with "No Rust Rims" increase stability and provide easier applications on taller, thicker, rougher lawns

SKU	DESCRIPTION
