

THE #1 CONDITIONER ON AMERICA'S MOST PLAYABLE FIELDS

Target Field, Home of the Minnesota Twins

From the big leagues to yours— Introducing Turface® Pro League Heritage Red™

Pro League Heritage Red™ – the classically colored infield conditioner once made exclusively for the Major Leagues – is now available for your ball field!

HERITAGE RED

The rich “cherrywood” color of this infield conditioner:

- Provides excellent ball visibility
- Offers appealing dark red color whether the infield is wet or dry
- Effectively matches many darker infield mixes
- Can be pre-blended into an infield mix or used as a topdressing

THE CHOICE OF MLB GROUNDSKEEPERS

More MLB groundskeepers use Turface than any other infield conditioner for managing moisture, improving drainage, and keeping skinned surfaces safe and playable. The porous, calcined clay particles effectively resist compaction,

and because of its low bulk density, you can use less material with Turface than with shale and vitrified clay. Pro League® provides an excellent playing surface on skinned infields and is available in a variety of colors for a beautiful field.

CREATE A SUPERIOR PLAYING SURFACE

A smaller, more uniform particle than Turface® MVP®, Pro League reduces bad ball hops and injuries caused by inconsistent playing surfaces. Add Turface Pro League to skinned infield surfaces to help create the safe, consistently textured playing surface that players will appreciate.

PREVENT RAINOUTS

Turfacer Pro League absorbs its weight in water, to help manage moisture and prevent puddling on the field. Turface later releases moisture back to the infield mix to prevent hardening and cracking of the field when it's dry.

New! Heritage Red™ Coloring

“In opening Target Field this year, we needed a product on our field that would really stand out and complement the look of our new park. Heritage Red was the perfect answer!”

Larry DiVito
Head Groundskeeper
Minnesota Twins

“I’ve enjoyed Turface on my field for years, and when I found out I could get the same high performance in a great new color, it was an easy decision to use Heritage Red.”

Doug Gallant
Head Groundskeeper
Cincinnati Reds

For over 40 years, more groundskeepers have trusted Turface Athletics for superior product performance and sound maintenance advice. For more information about Turface products, call (800) 207-6457 or visit www.Turfacer.com.
