Flanged-Shaped Ear Plugs

Reusable

Multiple, tapered fins flex provide a comfortable, yet snug fit in your ear canal. The fins also create pockets of air to help block out noise.

Pod-Shaped Ear Plugs

Disposable

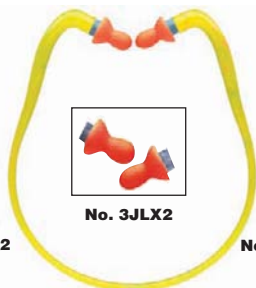

A large, ball-shaped end fills the ear canal, and a paddle-shaped handle provides a grip for pushing the pod into place so there's no need to touch it or roll it.

Banded Ear Plugs

Reusable band; disposable tips

Ideal for intermittent use when switching between noisy and quiet areas. Banded plugs are less bulky than ear muffs and more convenient than individual ear plugs, to protect hearing where high levels of noise reduction aren't needed. The reusable band holds the replaceable tips in place and allows them to be more easily inserted and removed than standard ear plugs. Wear the band over your head, under your chin, or behind your neck; it can also rest around your neck when the plugs aren't in use.
