

manual straight valves

100RS series

base model	100RS-075Y	100RS-100Y	100RS-125Y	100RS-150Y	100RS-200Y
description	straight valve 3/4" with rising swivel	straight valve 1" with rising swivel	straight valve 1-1/4" with rising swivel	straight valve 1-1/2" with rising swivel	straight valve 2" with rising swivel
weight	1.56	2.167	4.44	6.4	9.75
case qty	18	12	9	5	4

200RS series

base model	200RS-075Y	200RS-100Y	200RS-125Y	200RS-150Y	200RS-200Y
description	angle valve 3/4" with rising swivel	angle valve 1" with rising swivel	angle valve 1-1/4" with rising swivel	angle valve 1-1/2" with rising swivel	angle valve 2" with rising swivel
weight (lbs)	1.4	1.67	3.67	5	7
case qty	20	1	6	4	2

300RS series

base model	300RS-075Y	300RS-100Y	300RS-125Y	300RS-150Y	300RS-200Y
description	angle valve 3/4" with rising swivel & union	angle valve 1" with rising swivel & union	angle valve 1-1/4" with rising swivel & union	angle valve 1-1/2" with rising swivel & union	angle valve 2" with rising swivel & union
weight (lbs)	1.8	2.1	4	7.25	9
case qty	15	10	3	4	2

features

- durable brass construction
- full size water ways for low pressure loss
- 'RS' models feature rising swivel style seat
- optimal flow:5-180 GPM
- operates up to 150 PSI working pressure
- use to effectively regulate water supply with manual operation
- easily converts to automatic with add on actuators (CL or AA models)

repair & replacement parts

manual stem assembly kit

manual stem rebuild kit

1-1/4" valve stem replacement kit

1-1/2" valve stem replacement kit

2" valve stem replacement kit
