

FELCO 640

Curved saw | Full-stroke pruning saw | Blade 27 cm (10.6 in.)

The FELCO 640 curved pull-strop saw delivers serious cutting efficiency. Fast, stable and safe; with comfort in use and a light feel that almost seems to conflict with the cutting power provided by the innovative blade shape. Sawdust is removed as quickly as you can cut for branches up to 10cm / 3.9 inches. The result is pruning that leaves branches clean and smooth, and you satisfied of a job well done.
