

Components (cont.)

1/4" Micro-Valve - MV25
A shut-off/flow control valve used with 1/4" distribution tubing.

1/2" Valve - FC700
A shut-off/flow control valve used with 1/2" polyethylene tubing.

1/4" Swivel Tee - ST250
An adapter from the 1/2" nipple to split into two 1/4" distribution tubes.

1/4" Swivel Elbow - SEL250
An adapter from the 1/2" nipple to 1/4" distribution tubing.

Shrub Adapter - SAJ
An adapter that is screwed directly onto a 1/2" nipple. All 10-32 NFT jets and micro-sprays are screwed directly into this adapter.

Compression Adapter - CA250
An adapter that is glued into any 1/2" slip PVC fitting. 1/4" tubing (A250) is attached directly to this adapter.

1/2" Tubing Adapter - SA700
Glues (with regular PVC glue) over standard 1/2" PVC pipe. Used to adapt from 1/2" PVC pipe to 1/2" polyethylene tubing.

1/2" Cone Filter - SW50
A 100 mesh stainless steel screen element as a backup filter. Fits into a 1/2" nipple.

Riser Extender w/elbow - RA250
An adapter that is screwed onto an existing 1/2" nipple. 1/4" tubing is then attached to the barbed outlet.

Rigid Riser Assembly - CMAP 6/8/12
A 1/4" rigid riser with 1/2" MIPT adapter that screws directly into a 1/2" FIPT PVC fitting. Available in lengths of 6", 8" and 12".
