PRECAUTIONARY STATEMENTS
 May cause temporary stinging or eye irritation. In case of accidental eye contact, flush eyes with water for 15 minutes. If irritation persists, obtain medical attention. Wash exposed skin areas with soap and water.

STORAGE AND DISPOSAL
 Safely glasses or goggles are recommended when handling this product. If soiled, wrap up and apply per labeled instructions. Dispose of in accordance with local, state and federal regulations.

USE DIRECTIONS
 For best results, always wash this product into the soil with 0.5" of irrigation immediately following application. Application timing and rates of LESCO-Wet Granular will depend upon the time of year, soil type, wetting depth and varying local conditions.

Fine Turf, Lawns, Fairways, Greens, Tees, and Athletic Fields: For preventive applications apply 2.5 lbs. LESCO-Wet Granular/1000 sq. ft. at least one month prior to expected moisture stress. Follow with 1.25 lbs./1000 sq. ft. every 2-4 weeks throughout the season. Wash these treatments into the soil profile with at least 0.5" of irrigation. For existing irrigation problems with difficult-to-wet or compacted soils in general turf areas, initially apply 5.0 lbs. LESCO-Wet Granular/1000 sq. ft. Follow with an additional 2.5 to 5.0 lbs./1000 sq. ft. in 2 to 4 weeks. Regular monthly applications of 1.25 to 2.5 lbs./1000 sq. ft. are recommended where localized dry spots appear during the season.

Wash these treatments into the soil profile with at least 0.5" of irrigation. It is recommended that the 2.5 lbs./1000 sq. ft. rate be used on golf courses tees and greens.

Nursery Stock and Landscape Plantings: Initially apply 2.5 lbs. LESCO-Wet Granular/1000 sq. ft. in the early spring to all trees, shrubs and mulched areas. Make a second application of 2.5 lbs./1000 sq. ft. in 2 to 4 months.
Nursery and Greenhouse Soil Mixes: Mix 5.0 lbs. LESCO-Wet Granular to one cubic yard of soil mixture to all in mixing capacity.

APPROXIMATE LESCO ROTARY SPREADER SETTINGS:

Product Rate (lbs/1000)	1st Setting*	2nd Setting*	Approximate Spreader Width
1.25	1'	Open	10'
2.5	1'	Open	11'
5.0	1'	Open	14'

*APPROXIMATE: These settings are approximate. Adjust and verification of spreader can cause 1/4% variation. Be sure to calibrate your spreader with each application.

WARRANTY:
 LESCO, Inc. warrants that this product conforms to the chemical description on its label. When used in accordance with label directions under normal conditions, this product is warranted to be fit for its intended purpose. Since timing, method of application, weather, plant and soil conditions, mixtures with other chemicals and other factors affecting the use of this product are beyond our control no warranty is given concerning the use of this product contrary to label directions or under conditions which are abnormal or not reasonably foreseeable. The user assumes all risks of any such use.
