

# LESCO® TRACKER® MAX

## High Concentrate Spray Indicator

- See where you spray
- Eliminate skipping and overlapping
- Detect clogged nozzles
- Save time, material and money
- Compatible, inert and non-reactive in tank mixes

#069399

Net Contents: 1 QUART

Distributed by LESCO, Inc. • 1385 East 36th Street • Cleveland, OH 44114-4114

### DESCRIPTION

LESCO Tracker Max is a non-hazardous, highly-concentrated, indicator added to spray mixes to properly identify areas covered with the spray pattern to improve accuracy in applying expensive fertilizers and/or pesticides. The dye is non-toxic and water soluble. The temporary color disappears with rain, dew, irrigation or sunlight. This product is inert and will not react with commonly used tank mix products.

**GENERAL INFORMATION:** LESCO Tracker Max is not for use on food crops. It is not recognized or regulated as a pesticide by the Office of Pesticides and Toxic Substances of the U.S. Environmental Protection Agency according to 40 CFR 180.1001 for use on non-crop vegetation.

### DIRECTIONS FOR USE:

LESCO Tracker Max is a highly-concentrated blue indicator spray dye which is added to the tank after all products have been mixed. It will not affect the performance of turf fertilizers and/or pesticides. This dye is completely water soluble and disperses quickly in agitated tanks.

### RECOMMENDED APPLICATIONS ON TURF:

Add LESCO Tracker Max to the spray tank at a rate of 0.1 to 0.2 oz. per 1,000 sq. ft. or 4 to 8 oz. per acre. The lower rate can be used on greens-height turf. Longer grass will require the higher rate. Very tall grass may require higher than recommended rates.  
For backpack or hand sprayers, add 0.5 - 1.0 oz. to 3 - 5 gallons for spot treatment applications.

Keep Out of Reach of Children

## CAUTION

Read All Directions Before Using

### PRECAUTIONARY STATEMENTS

May cause temporary skin or eye irritation.  
In case of accidental eye contact, flush eyes with water. If irritation persists, obtain medical attention. Wash exposed skin areas with soap and water.

**WARRANTY** LESCO warrants that this product, when used in accordance with label directions under normal conditions, is reasonably fit for its intended purposes. Since timing, method of application, weather, plant and soil conditions, mixture with other chemicals, and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions or under conditions which are abnormal or not reasonably foreseeable. The user assumes all risks of any such use.
